JEANNEAU MERRY FISHER 795 SPORT SERIES 2 Take to Sea! This boat is created for adventurous cruisers seeking new landscapes and intense experiences. The hull shines in her versatility, compatible with engines starting at 150 HP and up to 250 HP maximum engine power, for even more fun. This boat offers large living areas, as well as an excellent flow of movement, due to deeply recessed sidedecks for safe passage between the aft and forward cockpits. The generously sized open aft cockpit features a superb saloon, completely convertible to adapt to your needs. The forward cockpit offers an unequalled level of comfort aboard a boat of this size, as this vast space, safe for fishing, can be transformed easily into a forward saloon for the family or a sundeck. The interior is offered in two versions: A first version with a large aft sliding glass door, optimising flow of movement to and from the exterior, with additional access by one or two side doors; A second version favours interior comfort, with a softer atmosphere, additional seating, and a saloon with facing seating which is accessed by two immense side doors. The cabin is equipped with a large berth as well as a private head compartment. The Merry Fisher 795 Sport Série2 has been entirely designed to offer exclusive moments close to nature, privileging outdoor spaces while offering protection from the elements

while cruising. Situated within Berthon Lymington Marina on the Lymington River, we have a wealth of services and facilities within our 20-acre site. Visit our sales office and showroom to see a wide range of new and used powerboats and yacht tenders. Specialising in Jeanneau powerboats, Zodiac and AB RIBs, inflatables and yacht tenders, Linder aluminium boats, Yamaha outboard engines, davit systems, Propguards and much more. With such a large boatyard and a 300 deep water berth marina, we are well facilitated to not only help you buy your boat, but also find it a home with the best facilities to make ownership simple. BHG Marine was originally founded in 1947 and has a long-standing, and leading, presence in the outboard-powered powerboat market. Berthon has been synonymous with yacht services and yacht building since 1877, and as a result, we have a combined wealth of knowledge and experience that is rivaled by no other. With 100 skilled craftsmen, at modern boatyard facilities in Lymington, Hampshire, BHG Marine and Berthon have the ability to deal with all aspects of yacht and motorboat repairs, refits, maintenance and servicing. We also project manage yacht and boat construction or fit-out projects of the highest quality. At our Lymington boatyard, the dedication to providing the best marine services is key to the yard's success; we constantly invest in new equipment and carry out very regular lean management exercise to ensure the utmost efficiency as well as operating an award-winning apprenticeship scheme which embraces modern technology whilst allowing many of our craftsmen who have been with us throughout their working life to pass on their skills and best practices. We pride ourselves on our very comprehensive handovers and training with our own technically skilled boat handlers. We ensure you are confident in handling the boat, as well as using all systems onboard and the correct maintenance. BHG Marine can also arrange for your boat to be delivered anywhere in the UK and Europe, making sure it's shrinkwrapped and carefully prepared for the journey.
