Offering space, light, and multifunctionality, this powerboat promises moments of pure escape and countless possibilities for family cruising. CLEVER DESIGN FOR ENHANCED COMFORT The Merry Fisher 895 Series 2 reinterprets all the strengths that have made the Merry Fisher a worldwide success: modular spaces, safe, easy movement on board for the whole family, and surprising accommodations for a boat of 8 metres, with two separate cabins, a spacious head compartment, and the ability to cruise with six people on board, owing to the saloon, which transforms into a double berth. A DESIGN INSPIRED BY FLAGSHIPS This new version integrates an elongated line, inspired by larger models of the new generation. Contemporary windows in the hull and the coachroof, with its distinctive design, integrate seamlessly into a powerful, sporty silhouette. The new hull enables planing from 20 knots, a speed easily obtained with its twin engines, 2 x 250 HP at maximum speed, ensuring comfort and manoeuvrability. A WEEKENDER FOR CRUISING ALL YEAR LONG Interior living space offers a true cocoon when the mercury plunges, with a 360-degree view of the sea. Copious storage space and a new, contemporary and practical galley contribute to a harmonious life on board. When the sun is shining, the sliding glass door slides away to create a living space that opens onto the sea. With the Merry Fisher 895 Series 2, family cruises are possible in any season and on any sea.
