The unique and meticulously designed deck maximizes space while optimizing boat stability and promoting better weight distribution. The ABJET® deck is made from a single unit of fiberglass, meaning no added or moving parts, quiet navigation, easier maintenance and increased longevity. The ABJET® is designed to seat comfortably two people at the pilot's seat and offer the best person capacity in the segment for better moments when enjoying the sea. With a flat floor deck free of obstacles, an ergonomically positioned throttle, a sport console with cupholders, a convenient platform with a stainless-steel sliding ladder, stainless steel handles and rails and, many other accessories of the highest quality, the ABJET® guarantees a seamless experience on the water. It also comes with a wide-range of customizable options to match the mother vessel. Powered by BRP-Rotax® (OEM), the ABJET® guarantees peace of mind. In addition, owners are fully backed-up by a dedicated aftersales and engineering ABJET® team and an international service network.

Sales status: available
